Overview

Shenanigans! It's a show for all ages, ideal for your next family event.

I strongly believe in family-style entertainment - families, parents and children sitting together - enjoying the show together. I believe that this type of show must play at different levels all at the same time, offering something for everyone. By having families sitting together you create a shared experience.

Shenanigans has played all over Ontario and beyond and is a highly proven program that features magical effects geared specifically to today's family audiences and caters to wide a range of ages, from young children to preteens and adults.

You and your guests will experience play-like "schtick" for preschoolers, plenty of audience participation and comedy for those in the primary grades, and somewhat more intellectual material for the more mature guests. The result is a show that works at multiple levels; providing a fun-filled show for young and old alike.

There is truly something for everyone and everyone gets involved when Ron takes the stage!

Running Time

Adjustable and customizable:
30, 45 or 60 minute sets.

Also available as a full-evening package.

Big smiles. Amazed looks. That's no illusion, simply wonderful magic!
